Q1 Read the following case study and answer the given questions 12

Narayana Murthy, the co-founder of Infosys, is regarded as one of the pioneers of India's IT revolution. His leadership has often been described as combining vision, integrity, and a strong focus on people and values. Under his guidance, Infosys grew from a small start-up into one of the world's most respected IT service companies. When Infosys was founded in 1981 with just ₹10,000, India's IT industry was in its infancy. Murthy envisioned a company that not only competed globally but also became a model of **corporate governance and transparency**. By emphasizing professionalism, customer satisfaction, and employee empowerment, he set new benchmarks for Indian businesses. Transformed Infosys into a multi-billion-dollar IT services giant with a strong global presence. Established Infosys as a pioneer of **ethical business practices** in India. promoting transparency and accountability. Introduced the **Employee Stock Option Plan (ESOP)**, creating wealth for employees and fostering ownership. Positioned Infosys as a leader in IT consulting, outsourcing, and digital transformation. Advocated for inclusive growth, education, and social welfare through the Infosys Foundation. Murthy's leadership was **visionary, ethical, and democratic**. He believed in meritocracy, empowering employees, and making decisions transparently. His humility, integrity, and emphasis on values earned him the title "Father of the Indian IT Sector."
