Name of the Subject: Organisational Behaviour

Date of Exam: 04/10/2025

Marks: 60

Time: 2 hours

Instructions: 1) Figures to the right indicate maximum marks.

2) All Questions are Compulsory

- Q1 Case study: Answer the following. 12**
- A well-known hospital recently introduced a digital appointment and record-keeping system to replace its old manual method. While the management believed this change would save time and improve efficiency, many employees resisted it. Some older staff feared they would not adapt to the new technology, while others worried they might lose their jobs. The pressure of learning new software created stress and anxiety among employees. As a result, some staff members began making errors and showing signs of frustration.
- A** Suggest two methods the hospital management can use to overcome this resistance.
- B** What stress management techniques can employees adopt to cope with this situation?
- Q2 Answer the following (any 2) 12**
