Time: 2 Hrs

Instructions: 1) Figures to the right indicate maximum marks.

- Q1** **Read the below given case. Analyse the case and answer the below given questions**
- Raymond is a significant textile business worldwide known for its fabric quality and fitting suits. The brand now plans to customize its fabric to suit the Indian market. For this, the market experts narrow down to the traditional Indian material- "Khadi".
- Khadi is a hand-woven, light, and comfortable fabric with some rich cultural and historical significance. Raymond, in its latest marketing strategy, tried to integrate Khadi in modern fashion. The marketing team adopted innovative advertising ideas to make their product more appealing and relatable.
- This case study discusses the deal between the company and the govt. Body. Khadi Village and Industries Commission (KVIC) is an organization that overlooks the production and distribution of khadi in India.
- The case study highlights how Raymond breaks the general perception of Khadi, presenting differently.
- a) Suggest some innovative ideas for the marketing of Khadi 6
- b) Discuss the practical challenges faced by the brand to successfully launch the khadi line 6
- Q2** **Answer any 2 out of 3**
