

MULUND COLLEGE OF COMMERCE (AUTONOMOUS)

Programme: School of Business- Business Administration Class: TYBBA Semester: V

Exam: External Name of the Subject: Services Marketing

Date of Exam: 10/10/2025 Marks: 30 Time: 1 Hour

Instructions: 1) Figures to the right indicate maximum marks.

2) All Questions are Compulsory

- Q1** Read the following case study and answer the questions **10**
- Case Study 1: The inconsistent Aroma**
- "The Aroma" is a popular local coffee shop that has built its reputation on quality coffee and a warm, community-oriented atmosphere. Over the past six months, customer complaints have increased, with feedback citing inconsistent service. Some customers rave about their visit, while others complain about long waits, forgotten orders, and indifferent staff. The owner is concerned about losing loyal customers.
- A** Using the 7 Ps of the service marketing mix, identify the specific "P" that is most likely the source of the problem. Explain your reasoning.
- B** How do the inherent characteristics of services (intangibility, inseparability, heterogeneity, perishability) contribute to this issue?
- Q2** **Answer the following (any 2)** **10**
- A** A Restaurant is experiencing significant variability in service quality from one day to the next. Discuss ways to reduce this
- B** A new gym, "The Fitness Hub," wants to position itself as a premium, high-quality service provider to attract a more affluent clientele. Elaborate with some examples of physical evidence it can leverage to build this perception?
- C** A hotel is receiving negative customer feedback about a slow and disjointed check-in process. Guests complain about long waits, being passed between multiple employees, and having to repeat their personal information. Using service blueprinting, what are the steps the hotel should take to analyze and improve the process?
- Q 3** **Answer the following (any 2)** **10**
- A** A customer at a cafe has been waiting an unusually long time for their order and is now visibly upset. The service provider has already identified the failure. What steps should they take for an effective service recovery?
- B** A customer places an online order with a promised delivery window of two business days. The order arrives four days later with one of the items missing. What RATER dimension was not met, and what specific application-oriented steps can the company take to fix this?
- C** Discuss the ways that how a retail bank uses the SERVQUAL model to improve its services?
