CASE STUDY

The objective of the Surf Excel "Daag Acche Hai" campaign is to change the way Indian parents think about dirt and stains. The campaign aims to encourage parents to let their children get dirty and explore the world around them, without worrying about their clothes.

Q1

The campaign's visual elements play a crucial role in conveying the message effectively. It features heartwarming and relatable scenarios of children getting dirty while helping others. The visuals are often bright and colorful, creating a cheerful and optimistic imagery. emotional impact of the ads.

The use of child actors and diverse settings adds authenticity to the storytelling, making it more relatable to the target audience. Additionally, the transformation of stained clothes after using Surf Excel products showcases the brand's efficacy in stain removal, reinforcing the product's benefits.
